CornerStore POS Search Window Screen Explanation

The screenshot shows the 'ProductSearch' window in the CornerStore POS system. The window title is 'CornerStore POS Station Id -01 Cashier Id -1'. The search window is titled 'ProductSearch' and has a 'Keyboard' button. It contains a 'Search By Properties' section with the following table:

PropertyName	PropertyValue
Liquor	
Pack	
Dietary	
Caution	

Below the search properties is a 'Search' button. The search results are displayed in a table with the following data:

ItemNo	ItemName	Price	Cost
000	Lottery	0.9100	5.1100
1	Non-Taxable Item	0.9100	5.1100
10	Baked Goods	0.0000	0.0000
11	Gasoline	0.0000	0.0000
12	Automotive	0.0000	0.0000
19	Discount	1.0100	0.0000
2	Tax 1	0.9100	5.1100
201	Soda	1.4000	0.0000
25	Ice Bag	1.0000	0.0000
3	Beverages	0.0000	0.0000
30	Buttered Roll	1.6000	5.1100
301	MM's	0.9300	0.0000
35	Coffee	1.2500	0.0000
4	Candy	0.0000	0.0000
40	Town Map	1.0000	0.0000

The main POS interface in the background shows a grid of product icons including Ice Cream, Coffee, Milk, Greeting Card, Ice Bag, and Buttered Roll. There are buttons for 'DELETE', 'LINE DISCOUNT', 'VOID', 'DISCOUNT', 'SETUP', and 'Pay'. The bottom menu includes 'F1 Help', 'F2 Inventory', 'F3 Customers', 'F4 Price Check', 'F5 Quick Add', and 'Guest Customer Intlipos'. The 'Grand Total' is displayed as 0.00.

<p>Item No <input type="text"/></p>	<p>Scan an item in here or begin using its number and it will automatically begin search for items that begin with those numbers.</p>										
<p>Item Name <input type="text"/></p>	<p>Begin typing a product's name and the window will begin searching for items that begin with the letters you are typing</p>										
<p>Search By Properties</p> <table border="1"> <thead> <tr> <th>PropertyName</th> <th>PropertyValue</th> </tr> </thead> <tbody> <tr> <td>Liquor</td> <td>Beer <input type="button" value="v"/></td> </tr> <tr> <td>Pack</td> <td>6pk <input type="button" value="v"/></td> </tr> <tr> <td>Dietary</td> <td>Low-Carb <input type="button" value="v"/></td> </tr> <tr> <td>Caution</td> <td><input type="button" value="v"/></td> </tr> </tbody> </table>	PropertyName	PropertyValue	Liquor	Beer <input type="button" value="v"/>	Pack	6pk <input type="button" value="v"/>	Dietary	Low-Carb <input type="button" value="v"/>	Caution	<input type="button" value="v"/>	<p>In this window you can use Property filters to look for specific items. Shown are some filters that you can create to look for items you have set up in Inventory Maintenance. When you are done press the Search button for the search to begin.</p>
PropertyName	PropertyValue										
Liquor	Beer <input type="button" value="v"/>										
Pack	6pk <input type="button" value="v"/>										
Dietary	Low-Carb <input type="button" value="v"/>										
Caution	<input type="button" value="v"/>										
<p><input type="button" value="Search"/></p>	<p>Press this button to search the parameters you have specified in the Property table.</p>										

ItemNo	ItemName	Price	Cost
000	Lottery	0.9100	5.1100
1	Non-Taxable Item	0.9100	5.1100
10	Baked Goods	0.0000	0.0000
11	Gasoline	0.0000	0.0000
12	Automotive	0.0000	0.0000
19	Discount	1.0100	0.0000
2	Tax 1	0.9100	5.1100
201	Soda	1.4000	0.0000
25	Ice Bag	1.0000	0.0000
3	Beverages	0.0000	0.0000
30	Buttered Roll	1.6000	5.1100
301	MM's	0.9300	0.0000
35	Coffee	1.2500	0.0000
4	Candy	0.0000	0.0000
40	Town Map	1.0000	0.0000

This is the inventory list. Once you have found the item you were looking for, select it in the list and click on it. It will automatically be added into the invoice.
